

VonSchelling

PREMIUM KENYAN AGRICULTURAL EXPORTS

COMPANY PROFILE · COFFEE

Kenyan Coffee. From Origin to Opportunity.

Green Coffee Beans for international importers and roasters, Mizizi roasted coffee and private-label programmes. Sourced across Kenya's central highlands and supplied against a confirmed lot specification.

VONSCHELLING LIMITED · NAIROBI, KENYA
info@vonschelling.co.ke · www.vonschelling.co.ke

WHO WE ARE

A Kenyan coffee partner built for international buyers.

VonSchelling Limited is a Nairobi-based agricultural export company. We connect Kenyan coffee with importers, roasters and distributors through responsible sourcing, disciplined quality evaluation, clear records and dependable export coordination. Coffee is our flagship operation.

01

Green Coffee Beans

Washed Kenyan Arabica in AA, AB, PB and C grades, plus specialty micro-lots for qualified trade buyers.

02

Mizizi Coffee

Our Kenyan coffee brand for retail, hospitality and distribution, in whole-bean and ground formats.

03

Private Label

Coffee selection, roast profiles and packaging coordination under your brand, from 1,000 kg per roast profile.

“We cup the lot, share the evidence and agree the specification before you commit.”

6	AA · AB · PB · C	10% to 12%	1,000 kg
highland counties	export grades and micro-lots	moisture target	private-label MOQ

Every offer states its lot details, documents and commercial terms in writing.

Farmers hand sorting freshly picked cherries. Kamweti wa Mutu, CC BY-SA 4.0.

WHERE OUR COFFEE GROWS

Six counties. One highland character.

Volcanic soils, cool nights and origins roughly 1,300 to 2,300 metres above sea level. We cup each lot and send you the sample and notes before you commit.

1,600 TO 2,300 M

Nyeri

Mount Kenya and Aberdare slopes. Intense, complex cups with blackcurrant brightness.

1,400 TO 1,900 M

Kirinyaga

Southern Mount Kenya. Bright, sweet and layered cups with fruit character.

1,350 TO 1,950 M

Murang'a

East of the Aberdares. Juicy, balanced coffees with vibrant acidity.

1,500 TO 2,200 M

Kiambu

One of Kenya's oldest districts. Full-bodied, well-structured lots.

1,300 TO 1,900 M

Embu

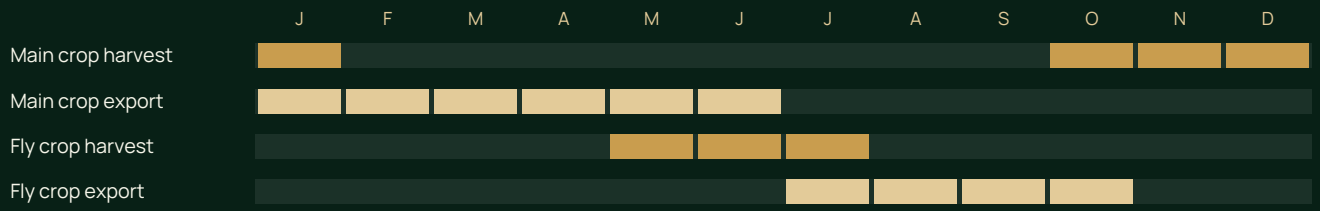

Eastern Mount Kenya. Floral, delicate cups with sweet citrus notes.

1,300 TO 1,950 M

Meru

A rising specialty origin. Bold, fruity coffees with excellent depth.

INDICATIVE KENYAN CROP CALENDAR

Your contract states the crop year, milling status and agreed shipment window.

WASHED PROCESSING

Washed for clarity. Graded with precision.

01 **Pulp & ferment**
Remove the cherry skin and break down mucilage, managed to temperature, ripeness and the mill's practice.

02 **Wash & soak**
Wash away mucilage. A clean-water soak may form part of the mill's double-wash process.

03 **Dry & stabilise**
Turn and protect coffee on raised beds to our export moisture target of 10% to 12%

KENYAN GRADE GUIDE

AA
SCREENS 17/18

Large flat beans. Kenya's top-size grade for buyers seeking bright, intense cups.

AB
SCREENS 15/16

Medium flat beans. Strong cup character and dependable value for blends and singles.

PB
PEABERRY

Rounded single beans, separated by shape and graded with round-hole screens.

C
SCREENS 14/15

Smaller flat beans. Well suited to blending and commercial programmes.

Micro-lots
SPECIALTY

Single estate and cooperative factory lots, offered with cup score, evaluator and sample date.

VARIETIES

SL28, SL34, Ruiru 11 and Batian

MOISTURE LEVEL

10% to 12%

PHYSICAL GRADING

Screen distribution, defect count and acceptance limits confirmed per lot

QUALITY & SAMPLES

Evaluate before you commit.

Request a representative sample in AA, AB, PB, C or a specialty micro-lot, at 250g or 500g. Agree cup and physical acceptance criteria before contracting.

SAMPLE TO SHIPMENT

01 Lot matching
Grade, volume and destination confirmed before quoting.

02 Sample dispatch
Representative sample, charges and courier window agreed.

03 Buyer approval
Test roast, cupping and written acceptance of specifications.

04 Contract & preparation
Payment, milling, packing, testing and export records.

05 Shipment booking
Window agreed against readiness and carrier capacity.

BUYER DOCUMENTATION PER LOT

Origin & lot	Origin, supplier or lot reference, crop details
Grade	Confirmed grade, screen and preparation
Cup quality	Cupping report or score from an identified evaluator
Testing	Residue or contaminant results when required
Certifications	Valid certificates for the supplier, product and transaction
Export records	Applicable licences, certificates and shipping documents

Cup scores, COA and certifications are shared with the issuing evaluator or laboratory, method and date for the specific lot.

QUALITY ASSURANCE · THREE-SAMPLE PROTOCOL

The coffee you approve is the coffee you receive.

We follow the international green coffee sample protocol and match every lot to a clear quality tier, so your buying team can trace each decision back to a sample.

87+

Specialty micro-lots

Single estate and cooperative factory lots for limited releases.

84 to 86.5

Specialty AA and AB

Bright, structured single-origin coffees with classic Kenyan fruit.

82 to 84

High-commercial AB and C

Clean, dependable coffees for blends and volume programmes.

SAMPLE TO SHIPMENT

01 Offer sample
250g or 500g of the offered lot with grade, origin and cup notes. You cup it and select the coffee.

02 Pre-shipment sample
Drawn from the milled, bagged lot before loading. Your written approval releases shipment.

03 Arrival sample
Checked at destination against the approved pre-shipment sample.

From Mombasa to your roastery.

Two export channels let importers and roasters of every size buy Kenyan coffee on terms that suit them.

CHANNEL 01 · DIRECT EXPORT

Full containers from Mombasa

For importers, trade houses and larger roasters running container programmes.

Terms	FOB Mombasa as standard; CFR or CIF to your named port
20 ft FCL	320 to 330 bags at 60 kg: 19.2 to 19.8 tonnes, indicative
Protection	Hermetic liners and container desiccants can be specified
Contract	Lot, packing list, Incoterm and window in writing

CHANNEL 02 · ROASTERY DIRECT VIA ALGRANO

Europe & North America, to your door

Through our partnership with Algrano, roasters buy our Kenyan lots in smaller volumes.

Who	Specialty and independent roasters in Europe and North America
Volume	Smaller volumes than a full container
Delivery	Import handled; delivered to your warehouse or chosen address
Lots	Same Kenyan grades, samples and lot information

Coffee storage and shipment preparation.

Raised drying beds, Fairview Estate, Kiambu. Daniel Case, CC BY-SA 4.0.

EXPORT PACKING & LOGISTICS

Protect the lot. Plan the load.

Export bags	60 kg export-grade jute bags. Hermetic liners on request, subject to supplier confirmation.
20 ft FCL	320 to 330 bags at 60 kg: 19.2 to 19.8 tonnes, indicative planning range
Micro-lots	Smaller packs or 30 kg vacuum cartons, confirmed per lot
LCL & air	Palletised smaller consignments and sample courier options

HOW AN ORDER MOVES

01 Enquiry & requirements

02 Supply & quotation

03 Samples & approval

04 Contract & payment

05 Preparation & documentation

06 Freight & shipment

07 Delivery & records

Payment terms, Incoterm, named place and shipment window are agreed in the contract for each order.

CHAPTER 02 · FINISHED & BRANDED COFFEE

Mizizi Coffee

Exceptional coffee from the heart of Kenya.

Our special blend. 100% Arabica, roasted and packaged for retail, hospitality and distribution partners who want a finished Kenyan coffee.

ROASTS	FORMATS	SIZES
Light · Medium · Dark	Whole bean · Ground	250g · 500g · 1kg

500g and 1kg high-barrier, nitrogen-flushed valve bags. 20 bags per master carton; case configuration confirmed per pack size.

PRIVATE-LABEL COFFEE

Your brand. Kenyan coffee.

Coffee selection, roast profile development, whole-bean or ground formats, pack sizes, label coordination and production planning for your market.

MINIMUM ORDER QUANTITY

1,000 kg per roast profile

REGULATORY & TRADE RECORDS

Verify the authority. Verify the document.

Coffee licensing

Current licence, issuer, validity and activity scope, with the role of AFA and the Coffee Board of Kenya confirmed for the transaction.

ICO origin records

International Coffee Organization Certificate of Origin where applicable. An origin record, not a quality certificate.

KEPHIS plant health

Destination-specific phytosanitary requirements and applicable KEPHIS certificates.

KNCCI trade origin

Required origin documentation and competent issuer, with preferential origin assessed separately.

EU BUYER DUE DILIGENCE · EUDR

01 Locate production

Plot geolocation, production dates and the chain linking plots to the offered coffee.

02 Review the evidence

Records assessed against the 31 December 2020 cut-off and production-country law.

03 Agree responsibilities

The EU operator's due diligence statement obligations confirmed before an order.

Supporting records are prepared lot by lot and shared early. Auction lot identity alone does not establish farm-level evidence.

Ready to source Kenyan coffee? Tell us the grade, volume and destination, and we will match the lot.
