RANGE 01 · GREEN COFFEE BEANS

Washed Kenyan Arabica, graded for your programme.

Highland coffee from Nyeri, Kirinyaga, Murang'a, Kiambu, Embu and Meru, washed and dried on raised beds to a 10% to 11% moisture target. We source through direct estate and cooperative channels and the Nairobi Coffee Exchange, then match each lot to your cup, volume and destination.

INDICATIVE CUP QUALITY TIERS · SCA SCALE

87+	Specialty micro-lots	Single estate and cooperative factory lots for limited releases and competition menus.
84 to 86.5	Specialty regional AA and AB	Bright, structured single-origin coffees with classic Kenyan acidity and fruit.
82 to 84	High-commercial AB and C	Clean, dependable coffees for blends and volume programmes.

Tiers guide your selection. Each lot offer states its own cup score, evaluator and sample date.

Choose the grade. Approve the cup.

SOURCING
Direct channels and NCE auction

Availability, volume, cup profile and price are confirmed per lot in your offer.

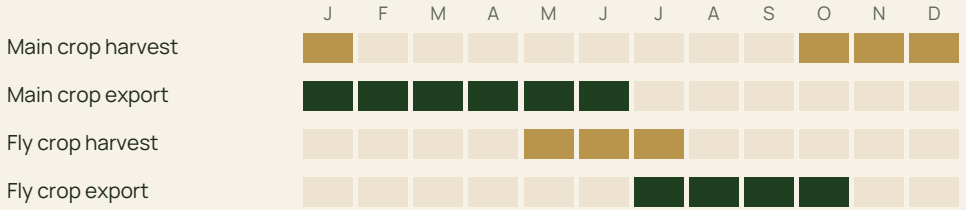

The details your contract is built on.

Product	Kenyan Green Coffee Beans, Arabica
Origins	Nyeri, Kirinyaga, Murang'a, Kiambu, Embu, Meru
Varieties	SL28, SL34, Ruiru 11 and Batian
Process	Washed, dried on raised beds
Moisture	10% to 11%
Grades	AA, AB, PB, C and specialty micro-lots
Physical	Screen distribution, defect count and acceptance limits per lot
Water activity	Method, result and limit agreed where required
Labelling	Lot reference, grade and net weight on each bag
Lot details	Origin, crop, cup notes and volume stated in the offer

INDICATIVE KENYAN CROP CALENDAR

Your contract states the crop year, milling status and agreed shipment window for your lot.

Two ways to receive Kenyan coffee.

CHANNEL 01 · DIRECT EXPORT

Full containers from Mombasa

For importers, trade houses and larger roasters running container programmes.

Terms	FOB Mombasa as standard; CFR or CIF to your named port
20 ft FCL	320 to 330 bags at 60 kg: 19.2 to 19.8 tonnes, indicative
Protection	Hermetic GrainPro or Ecotact liners and container desiccants can be specified
Contract	Lot, packing list, Incoterm and shipment window in writing

CHANNEL 02 · ROASTERY DIRECT VIA ALGRANO

Europe & North America, to your door

Through our partnership with Algrano, roasters buy our Kenyan lots in smaller volumes.

Who	Specialty and independent roasters in Europe and North America
Volume	Smaller volumes than a full container
Delivery	Import handled; coffee delivered to your warehouse or chosen address
Lots	Same Kenyan grades, samples and lot information

Micro-lots	Smaller packs or 30 kg vacuum cartons, confirmed per lot
LCL & air	Palletised smaller consignments and sample courier options

Final loadability depends on payload, pack dimensions, pallets, carrier and route. The final packing list is confirmed in writing.

RANGE 02 · MIZIZI COFFEE

Mizizi Coffee

Our special blend. Exceptional coffee from the heart of Kenya.

100% Arabica, roasted and packed for retail shelves, hotels, cafés, offices and distribution partners.

Roasts	Light · Medium · Dark
Formats	Whole bean · Ground
Sizes	250g · 500g · 1kg
Packaging	500g and 1kg high-barrier, nitrogen-flushed valve bags
Shipping	20 bags per master carton; case configuration confirmed per pack size
Channels	Retail, hospitality, corporate and distribution

Your brand. Kenyan coffee.

We build your coffee around the cup you want to sell: selected Kenyan coffee, a developed roast profile and packaging prepared for your market.

01
Brief

Target market, cup profile, format, pack size and volume.

02
Coffee selection

Kenyan coffee matched to your profile and budget.

03
Roast & approve

Roast profile developed and approved against samples.

04
Pack & label

Packaging format and label coordination for your brand.

05
Produce & ship

Production planning, documents and delivery.

06
Reorder

The approved profile is repeated for your next run.

MINIMUM ORDER QUANTITY

1,000 kg per roast profile

Whole bean or ground · light, medium or dark · retail and food-service packs

Freshly roasted beans in the cooling tray. Jkafader, CC BY-SA 3.0.

HOW TO ORDER

From first sample to shipment.

Every Green Coffee Beans order follows the international three-sample protocol, so the coffee that arrives matches the coffee you approved.

01
Offer sample

300g or 500g of the offered lot. You cup it and select the coffee.

02
Pre-shipment sample

Drawn from the milled, bagged lot. Your approval releases shipment.

03
Arrival sample

Checked at destination against the approved pre-shipment sample.

Quotation	Product, volume, packing, Incoterm, named place and shipment window
Documents	Lot specification, cupping report, export records and EUDR evidence where relevant
Mizizi & label	Roast, format, pack size, channel and volume
