CROP CALENDAR

Final loadability depends on payload, pack dimensions, pallets, carrier and route. The final packing list is confirmed in writing.

Three tiers. Three samples. One approved lot.

Choose the quality tier for your menu or blend, then approve the coffee through the international three-sample protocol.

87+

Specialty micro-lots

Single estate and cooperative factory lots for limited releases.

84 to 86.5

Specialty AA and AB

Bright, structured single-origin coffees with classic Kenyan fruit.

82 to 84

High-commercial AB and C

Clean, dependable coffees for blends and volume programmes.

THE THREE-SAMPLE PROTOCOL

01 **Offer sample**
250g or 500g of the offered lot with grade, origin and cup notes. You cup it and select the coffee.

02 **Pre-shipment sample**
Drawn from the milled, bagged lot before loading. Your written approval releases shipment.

03 **Arrival sample**
Checked at destination against the approved pre-shipment sample.

Tiers guide your selection. Each lot offer states its own cup score, evaluator and sample date.

Two ways to receive Kenyan coffee.

CHANNEL 01 · DIRECT EXPORT
